Keep in Our Prayers

Please pray for members of our community who are sick or in need or our prayerful support.

EDUCATION IN FAITH

Almighty and Everlasting God,
You have given the human race
Jesus Christ our Savior as a model of
humility.
He fulfilled Your Will by becoming Man
And giving His life on the Cross.
Help us to bear witness to You
By following His example of suffering
And make us worthy to share in His
Resurrection.
We ask this through our Lord Jesus Christ,
Your Son.

Amen.

Lent is an important time for Christians in our Liturgical calendar. We are now in the Third Week of Lent, a time for reflection, sacrifice and preparation for the death and resurrection of Jesus. Pope Francis refers to Lent being a "sacramental sign of our conversion" and an opportunity to come back to God wholeheartedly, throughout every aspect of our life.

But how can we come back to God, with a full and joyous heart, through every aspect of our life? Pope Francis, in his Lenten Message 2018, discusses the challenges of living in the modern world. We, as Catholics, find ourselves amid great trials and challenges, in the guise of "false prophets, and greater distance from the Gospel messages and the Church itself, has seen the love of God grow cold in the hearts of many.

We have an opportunity, through this Lenten season, to heal our relationship with God. This can be done through a process of prayer, almsgiving and fasting. By devoting more time to prayer, we enable our hearts to strengthen our relationship with God. Prayer provides comfort and peace, both aspects missing from many of our lives today. The giving of alms removes greed from our hearts and minds, and reminds us of Jesus' desire for his followers to love one another, as He has loved us.

Fasting or to sacrifice something in our life that usually provides us with comfort, allows us to experience what it is like for those in the world who have very little. Pope Francis comments that fasting and sacrifice "wakes us up; it makes us more attentive to God and our neighbour".

As the words of the prayer above state, Jesus is the perfect example of humility and sacrifice. If we as Catholics take this time of Lent to follow in his example, we can become more worthy to share in the joy of his Resurrection, and grow stronger in love for our God.

NDIS PLANNING

for people who are non verbal & have developmental disability

A WORKSHOP FOR FAMILIES

The National Disability Insurance Scheme is all about having choice and control. However, you might be one of the many families who wonder how your family member who cannot speak can be included in planning for the NDIS.

DDWA are pleased to invite parents and family members to come along to this workshop which will explore how to include people with developmental disability and complex communication needs in their NDIS planning process.

We've developed some resources to share with you which explore:

- why we now believe that everyone can communicate, regardless of their disability
- how people with complex communication needs can understand and prepare to plan for the NDIS
- how to explore concepts relating to the NDIS with people who appear to be disinterested or have limited ability to pay attention
- what supporters can do to help people to understand the NDIS
- what supporters can do to help people with complex communication needs prepare for their NDIS plan
- how people with complex communication needs can explore having language relating to the NDIS in their communication systems and devices
- how to think about setting communication goals

The resources, which will be available online, have been co-designed and trialled successfully with a group of people with complex communication needs.
